The remarks of "A CELT" are in our opinion just, and we marvel not that he is severe in his censures. A "live-and-let-live" feeling. however, prompts us to be merciful, and we would prefer postponing his article for a few days, when it may be used for its general application.

## Senator Soule.

The Washington correspondent of the New York Tribune thus describes this gentleman :

"We do not think of anybody in the Senate, now that Mr. Clay and Mr. Webster are out, with whom Mr. Soule need fear to break a lance. We should be inclined to back him against the field for a logical or an oratorical bout

"The audience who listened vesterday were generally in a state of great admiration of the speech and the man. Yet Mr. Soule will have to content himself with a secondary po Yet Mr. Soule will sition as an orator. He is keen, close, the rough, and powerful in argument, strong and precise in diction, magnetic in action, and dramatic, energetic, almost fierce in delivery. But he does not mount easily, nor has he a felici tous flow. He is a lawyer and spins fine. He is artistic rather than great. He wins, but he struggles hard. He does not go over the course at a full round pace. Yet he feels his power, and ordinarily has no doubt about his being a match for anybody With all his graciousness of demeanor (he is every inch a Frenchman in this) he has a haughtiness of nature that prompts him to contemn his rivals. Of all mediocrity he is very impatient. Emulous of distinction, ambitious of glory, he is yet inclined to demand it as his due, rather than receive it as a voluntary tribute. Such a man may command the judgments of his hearers in his favor, but he will never captivate their hearts.

Thomas Moore was buried at the village of Bromham, within a mile of the cottage in which he breathed his last. He was placed, in obedience to his own wish, in the same grave with one of his daughters. The village church was crowded with the poor of the neighborhood, and the rector of the adjacent village came to pay the last trib-ute of regard to an old friend. But beyond this gentleman and Mr. Longman, the publisher, there were none who had known the poet in life to offer him personal respect in death

#### Affairs in Georgetown.

GEORGETOWN, March 26-12 m. A fire occurred last night in the bark mill of Mr. Crawford, situated between the cotton factory and the flouring mill of A. Ross Ray & Brother, which entirely consumed the building, together with all the machinery, and a small quantity of ground bark. It also did considerable damage to some external portions of the Messrs. Rays' mill. Mr. Crawford was insured in the Fireman's Insurance Company in Washington to the amount of \$500 upon the machinery and stock, which it is thought will nearly cover his loss. The building was owned by Mr. Wilson, f Baltimore, the owner and proprietor of our cotton factory. There is no doubt that it was the work of an incendiary. The engines were promptly on the spot, and did all in their power to arrest the flames.

Extract from a Letter

From Mr. Jarrett Plummer, 153 Biltimore street, a gentleman extensively and favorably known. "In 1836 I was attacked with Inflammatory Rhe tism; for three months could not sleep night or day; was under treatment of most eminent physicians; ulcers formed on right arm, knee, and left leg—from each splipters of bone came out. After years of suffering my disease was proounced by my physicians deeply seated and incurable After this I tried a number of panaceas, liniments, &c., from which I derived no benefit, rather growing weaker very day, suffering, if possible, more intensely with every new remedy I tried. As a last resort, I was advised to try Hampton's Vegetable Tincture. Before I had taken one bo tle my pains grew less, and in a few months left me, and the ulcers on my arms and legs entirely healed, and I laid side my crutches. I can say that, with the blessing of Providence, the cure in my case was made by Hampton's

THE WORLD NEVER BEFORE SAW SUCH A MASS OF HOME TESTIMONY GIVEN Hampton's Vegetable Tincture!

THE GREAT DISCOVERY OF THE AGE! READ! READ! READ! the World !- Hope for the Afflicted !- Mor

Testimony from Home!

BAITIMORE, Sept. 11, 1851.

Mesers. Mortimer & Moubray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I'making mention of my case to a friend, he referred me to Joseph K. Stapleton, esq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a failing state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was turned years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hamp ton's Vegetable Tincture!

ton's Vegetable Tincture!

This certificate is from the pen of a gentleman whose name appears on the journal of Congress, one who is extensively and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy, Albert. The patient was three years old, and had the Scrofula—(his father was scrofulous.) The boy was a moving mass of sores from head to foot; the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrible mattering uleers that protruded over the eye-balls so as to produce blindness. It is strange, yet true, this child, that I felt resigned to see die as a relief from suffering, has been restored to health under the treatment of Dr. Hampton.

REV. VERNON ESKRIDGE, U. S. N.

Greater weight of Testimony cannot be given. PORTSMOUTH, VA., Aug. 18, 1851. Mr. J. B. Boush-Dear sir: While I am, in general, o Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candor compels me to state that I
have great confidence in the virtues of Hampton's Vegotable
Tincture. For several months past I have used it in my
family: and in dyspepsia, loss of appotite, dizziness, and general debility, with entire success. So far as my experience
extends, therefore, I take pleasure in recommending it to the
afflicted as a safe and efficient remedy.

I am, respectfully, yours,

Vernon Estander,
Chaplain United States Navy. Still another Witness for "Hampton's Vegetable Tincture!"

This certificate is from one of our largest and most enter ans ceramease is from one of our largest and most enterprising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before:

BALTIMORE, Feb. 4, 1852. Memors. Mortimer & Mowbray—Genrs: Having been afflicted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was exactedly able to walk, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which exac me interes main.

scarcely able to walk, from the dreadful pains and swelling in my linabs. I had also an ulcer formed on my right wrist, which gave me intense pain.

When in this condition, Mr. Scott, Conductor on the Susquehanna Railroad, with several others, called my attention to the many wonderful cures made by Hampton's Vegetable Tincture. I determined to give it a trial, as a last resort. You well remember my sufferings at the time I got the Tincture from you—they were almost past endurance. I am happy now to inform you that, in a short time after taking it, I was relieved from pain, and could walk without difficulty, and in about four weeks I was enabled to take part in the ploughing match at our late Agricultural Fair. The ulcer on my wrist is now entirely cured, and I am in the enjoyment of the very best health, with no symptoms of my old disease; all of which I feel bound to say I owe to the great healing and restorative qualities of Hampton's Vegetable Tincture.

the great healing and restorative qualities of Hampton's Vegetable Tincture.

My great confidence in it has induced me to recommend it to others, and I have also seen its good effects in a number of cases. My little daughter had been in bad health for some time: no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hampton's, which soon restored her to robust health. I do therefore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may always have it at hand. Yours, respectfully,

ELISEA P. HORNE,

Stronger-Still Stronger!

Stronger—Still Stronger!

Can any unprejudiced mind in the world ask stronger to timony or more convincing proof of the great restorative as curative powers of Hampton's Vegetable Tincture the given below? The writer is one of our most highly e-teem citizens, a man of integrity, and, it is extensively know has been for a long time suffering under disease; his altereappearance now is a subject of remark, and gives addition testimony and weight to the certificate below. He is alther son of the old Doctor Dunan, whose great skill as a physician is well known most of the oldest inhabitants of the city:

Messrs. Mortimer & Moubray—Gentlemen. It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough. I was advised to take Cod laver Oil, and did so, but, getting no better, I was induced to try your Tincture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to state, that for the last fifteen years I have suffered very much from Acute Rheumatism and Vertigo, confining me, at times, to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me yours, very respectfully, N. B.—I can be seen any time at the Mayor's office. G. D.

These "Notes," besides observations on the proceedings of the Conference, will embrace Personal Sketches of some of its principal members and visiters.

TERMS.—For a single copy for the session, \$1. The Daily will be issued at least FIVE WEEKS, or until the adjournment of the Conference. The first number will be issued on Monday, May 3d, and will contain the first day's proceedings of the Conference, a complete list of the Delegates, &c.

O. S. Fowler and Dr. A. G. Hall. The Nutritive Principle.—It will be remembered that luring the time he lectured in this city, being very feeble n health, he placed himself under the medical treatment of Dr. A. G. Hall, the gentleman who gave two courses of lectures in this city on this new principle. Then Mr. Fowler tated to his audience that he had increased in weight, from the use of nutritive fluids, four pounds in six days. Since which time he has continued the prescription. About the time he left the city for the East, the Doctor promised him ten pounds' increase in the next two weeks. The following

letter will confirm the fact : FRIEND HALL: You have put on me the ten pounds of meat you promised, and that in the midst of my usual extremity of professional labor. In addition to this, you have removed that intense pain in my forehead, consequent on xcessive intellectual exertion, and I am very much stronger and better, and more able to work, as I am heavier; and I attribute the favorable change to yourself, for in other respects my habits have been as before. Your nutritive fluid I regard as of great value, and your saleratus and prescripion is just the thing. Why physicians oppose the use of alkalies I never could imagine. My own experience and observation sanction their use. Go on in your good work of ouilding broken-down constitutions.

Yours, for good bodies, Dr. A. G. HALL, Cincinnati.

Mone Yet .- I have also placed myself under the treatment f Dr. A. G. Hall for dyspepsia. I have been taking freely of his medicines, and making and drinking freely of his nu tritive fluid during the last nineteen days. I have increased rapidly in weight. I have been carefully weighed: I am thirteen pounds heavier than I was nineteen days ago, when commenced, and much stronger in every respect.

prescriptions since his lectures, and his numerous patients are gaining in weight, strength and confidence. Call or him: he may possibly give you returning health. Mone Yet .- The undersigned, citizens of Germantown and vicinity, take much pleasure in stating that we have taken prescriptions from Dr. A. G. Hall, and that his new mode of reating chronic diseases, with his nutritive fluid, proved to be salutary and highly satisfactory to us. We therefore recommend with confidence the adoption of his prescriptions and mode of treatment to invalids affected with chronic complaints and general debility, as we have increased in weight
